

HEALTHY LEADER

A HEALTHY LEADER IS

STAYING CONNECTED WITH GOD

How are you consistently connecting with God?
Is your love for God and people increasing?

PRACTICING SPIRITUAL DISCIPLINES

Are you regularly engaged in solitude, prayer, reflection and reading scripture?
How would you rate yourself physically, emotionally and spiritually?

SPENDING TIME WITH SPIRITUAL PEERS

Who are your unguarded and safe friends?
Do you have regular “life-giving” appointments on your calendar?

AWARE OF THE WARNING SIGNS OF UNHEALTHY LEADERSHIP

How am I feeling about my group? (excited, drained)
Are you able to recalibrate/make changes as you lead?

ASKING THE HARD QUESTIONS ABOUT BIBLICAL AUTHORITY

Are my interior issues undermining my leadership?
Are all areas of my life submitted to Christ?

A HEALTHY LEADER LEADS BY

ENCOURAGING GROUP PARTICIPATION BY “GIVING AWAY” AS MUCH OF THE GROUP AS POSSIBLE

Are you sharing group responsibilities?
Do you have a co-leader or apprentice, a “go-to” person in your group?

LEAVING MARGIN IN YOUR LIFE TO DEAL WITH THE THINGS ONLY A LEADER CAN

Is your current pace sustainable?
Can you absorb “interruptions” to your schedule for your group?

HAVING A REALISTIC VISION FOR GROUP

Do you realize that community can be messy and/or hard?
Do you embrace life-change happening best in the context of community?
