VERSE 1

There's a home for the prodigal
Love that chases the cynical
There's a well for every thirsty soul
Come and drink
On the last breath of a criminal
Hear it sung from every hymnal
He's still working miracles
Come receive

CHORUS

I know it's hard to believe
But He's just that good
Come and taste, you'll see
That He's just that good
If you've been where I've been
Then you know what I mean
Yeah, He's just that good
Oh, He's just that good

VERSE 2

Every sinner and every saint
Leave your shame in the light of grace
His love changes everything
Everything

CHORUS

BRIDGE (x2)

Mercy in the morning (He's just that good)
Brand new beginnings (He's just that good)
Joy that's never-ending (He's just that good)
He's just that good
Grace and compassion (He's just that good)
He forgives with no conditions (He's just that good)
He defines the definition (He's just that good)
Oh, He's just that good

Mercy in the morning (He's just that good)
Brand new beginnings (He's just that good)
Joy that's never-ending (He's just that good)
Oh, He's just that good
Yeah, He's just that good
Oh, He's just that good
Yeah, He's so good

CHORUS (x2)
