

What we will be doing: We'll spend time in Cairo engaging with Sudanese refugee families including having home visits, teaching in the school and attending worship gatherings.

What the country is like: Egypt is a Muslim nation in the northeast corner of Africa and is one of the oldest continually inhabited places in the world. Cairo is a busy metropolitan city with over 10 million people. The local Egyptians are extremely helpful and friendly, desiring most of all to be hospitable to foreigners. Sudanese refugees experience great discrimination while living in Egypt, and are unable to work or send their children to school.
