

# CAMBODIA

ALL THROUGHOUT CAMBODIA

## PARTNER: WORLD RELIEF

An organization that focuses on reaching the unreached and serving the vulnerable communities throughout Cambodia.

## WHAT THE COUNTRY IS LIKE:

Cambodia is a country in southeast Asia that has experienced multiple hardships in the last century. The Pol Pot regime, intending to create an agrarian Communist society, committed genocide against its own people in the 1970s. Extreme poverty still exists to this day. The country is mostly Buddhist and Christians experience great difficulty in their communities.

## WHAT WE'LL BE DOING:

We'll spend time in Cambodia working alongside the local church to reach their community for the gospel and empower the kids to live better lives.

## WHAT TRAVEL IS LIKE:

We'll connect first somewhere in the United States, then take a flight to somewhere in Asia, usually Seoul or China. We'll then continue to Phnom Penh (PNH).
