

KENYA

KAHURIA, A RURAL VILLAGE ABOUT TWO HOURS NORTHWEST OF NAIROBI

PARTNER: 410 BRIDGE

A community development organization that focuses on holistic development in the areas of water, health, spirituality, economics and education.

WHAT THE COUNTRY IS LIKE:

Kenya is a quintessential East African country, with the Great Rift Valley running through the center and an abundance of wildlife. There are nine recognized tribes in Kenya, and tribal conflict has been common throughout Kenya's history. Kenya gained independence from Britain in 1952 and has been a democracy ever since. Many Kenyans can be shy, but friendly once they warm up. The weather is nice in Kahuria, expect 65-85° all year round. Since it's on the equator, the sun can be intense.

WHAT WE'LL BE DOING:

We'll spend time at the schools engaging in the children's ministry, meet with the leadership council to hear about the hopes and dreams of the community, visit people in need of prayer in their homes, spend a day in the life with a Kenyan family and help the community with any service projects needed.

WHAT TRAVEL IS LIKE:

We'll depart BNA and connect somewhere in the United States, usually New York or Atlanta, then take about an 8 hour flight into Nairobi (NBO). We'll arrive in the evening and spend the night at a local hotel before making the two hour drive up into the Naivasha region where we'll stay the rest of the week.
